Formalities

Legalization of residence

Every student who starts studying in Poland has to fulfil formalities listed below. It is very important! It is advisable to do it as quickly as possible to avoid unpleasant surprises.

Obligation of registration

After arriving to Poland foreigners are obliged to register themselves in the city hall for a temporary residence, with the address they are staying at, no later than on 4th day after their arrival. If a foreigner lives in a dormitory all the formalities are completed by the University. Certificate of registration is required during the procedures of legalization of residence.

Foreign students who ARE NOT citizens of European Union countries must obtain a Residence Permit.

Rules:
- You need to apply for the card to the Voivode at least 45 days before the expiry date of Your visa or previous permission.
- Once the application is accepted the procedure of legislation is started.
- Documents ought to be filled out in Polish.
- Originals of the documents should be accessible for insight.
- Document ought to be translated by a certified translator or the consul.
- The application form must be filled in with capital letters in Polish so that it is legible.

Authorization: You can be represented by an attorney; such authorization must be certified by a notary.
- You must collect the card in person.

Foreigners may obtain a Residence Permit after indicating circumstances which entitle them for a longer than 3-months stay on the territory of Poland. This includes studies in our country and occupational probation.
Required documents:
- 4 copies of filled application form for temporary residence (for fixed time)*
- 4 valid, colour photographs (size 4,5 x 3,5cm each); a person should not be wearing any headgear, nor glasses with dark lenses; the photographs ought to show the left profile with the left ear of the person, face of the person should be evenly exposed (it is advised to attach one additional photograph in order to facilitate the procedure)
- valid travel document (2 copies)
- confirmation of temporary accommodation
- certificate of studies origin or continuation at a Polish state or private university with expected time of graduation
- documents of confirmation that person’s financial resources are sufficient to cover residence expenditures
- certificate of medical insurance policy
- legal title of living space and confirmation of accommodation costs.

Application forms are available on the website

Obligatory fee:
The fee must be paid while applying for residence permit. Currently it amounts to 340 PLN and should be transferred to the bank account:

Urząd Dzielnicy Śródmieście
Miasta Stołecznego Warszawy
ul. Nowogrodzka 43
00-950 WARSZAWA
BANK PEKAO S.A VO w Warszawie
45-1240 1066-1111 0010 0317 1881

Foreign students who ARE citizens of European Union countries

Rules:
- UE citizens should apply for residence registration no later than on the 4th day after their arrival to Poland. Breaking this deadline may cause penalties.
- Foreigner (EU) who has obtained a residence permit, settlement permit or a permit for long-term residence is exempted from obligation of residence registration.

Citizens of EU countries have the right to stay in Poland longer than 3-months in case of studying or occupational training within the area of the Republic of Poland.
Required documents:
- an application form filled out in Polish (procedure will go much quicker if you submit 2 additional copies of this form)
- copy of a travel document or another document ascertaining the identity and citizenship of a foreigner
- certificate of medical insurance policy
- declaration of having financial resources sufficient to cover residence expenditures without the necessity of welfare benefits
- certificate issued by the university

While collecting the certificate of residence registration, foreigners who are citizens of UE must present a valid copy of a travel document or another document ascertaining the identity and citizenship as well as proof of 1 PLN fee payment. The fee may be paid at the cash-desk at the department of Mazowiecki Urząd Wojewódzki (address: Pl. Bankowy 3/5, room 68) or transferred to the bank account:

Mazowiecki Urząd Wojewódzki
Wydział Organizacyjno-Administracyjny
NBP O/O Warszawa

All the information about current procedures concerning legalisation of residence is available on the website in Polish: www.mazowsze.uw.gov.pl/wso or in English: intl.mazowieckie.pl/en.

Medical insurance

Every student is responsible for his or her own medical insurance. If you forget about this formality you will have to cover all the costs of possible medical treatment, which unfortunately are relatively high.

The foreign students, foreign participants of PhD studies or foreign graduated students who have the obligatory job seniority in Poland and who are not citizens of European Union countries or EFTA countries can obtain voluntary medical insurance.

In order to obtain a voluntary medical insurance a student must fill in the necessary documents in the National Health Fund (NFZ) and in the Social Insurance Institution (ZUS).
How to obtain a voluntary medical insurance policy?

A person who wants to obtain a voluntary medical insurance should apply to an appropriate department of the National Health Fund, where all required forms are available. Next step is to sign an agreement with the NFZ. The cost of a voluntary medical insurance is about 37,80 PLN per month. No later than 7 days after signing the agreement a student should submit the ZUS ZZA document to the Social Insurance Institution (ZUS) with voluntary medical insurance code (2410 XX). After dealing with these formalities a student should present the medical insurance agreement and authentication of the ZUS application to an appropriate Dean’s Office or to the PhD studies office. This action is necessary for charging the insurance premiums.

Additional information about medical insurance:
Central Office of the National Health Fund – The International Affairs Office
ul. Grójecka 186, 02-390 Warsaw; tel. +48 (22) 572 62 68; fax +48 (22) 572 63 19
e-mail: ca17@nfz.gov.pl

Foreign students who are citizens of European Union countries or EFTA countries are entitled to take advantage of medical treatment on the basis of the European Health Insurance Card – EKUZ (if they have medical insurance in their country of origin);
Foreign students who have Polish origin (a document from the consulate in the country of birth that certifies Polish origin is obligatory) all the insurance premiums will be paid by the university; a student should sign a contract with National Health Fund;
In cases not listed above the insurance premiums must be paid by a student by the 15th day of every month.

When does the medical insurance expire?

The obligatory medical insurance expires automatically four months after graduation or when a student is expelled form the university.
The voluntary medical insurance expires with the last day of the contract or after one month of not paying premiums. The voluntary medical insurance expires also when a student changes medical insurance to obligatory one.

A thing to remember before going to study abroad: medical insurance does not include the after-effects of accidents. Therefore it is worth to buy an accident insurance.
Foreign students who ARE NOT citizens of EU countries, Iceland, Lichtenstein, Norway or Switzerland

Such students need a permission to work. Such permission is given by Wojewódzki Urząd Pracy (Voivodship Labour Office) in Warsaw. Student’s employer has to apply for the permission. The whole procedure doesn’t take longer than one month (in most cases is much shorter).

Remember: Foreign students have the right to work without a permission for no longer than 3 months during summer holiday.

All the details about rules, restrictions and procedures concerning permissions are available on the website:

Foreign students who ARE citizens of EU countries, Iceland, Lichtenstein, Norway or Switzerland

THERE ARE NO RESTRICTIONS for students who are citizens of member countries of the European Economic Area: Sweden, Great Britain, Ireland, Cyprus, Czech Republic, Estonia, Lithuania, Latvia, Slovenia, Malta, Slovakia and Hungary

Citizens of countries listed above must meet some requirements before undertaking a job, though:
- Residence permit is required
- Application to the appropriate office to obtain a temporary PESEL (identification number). The application form is available on website: http://www.ms-wia.gov.pl/crp_pesel.html

Application to the labour office for the NIP-3 form and obtaining NIP (Taxpayer Identification Number).

Students from countries whose citizens’ rights are limited on Polish labour market

Students from these countries need a permission to work.
Remember: Foreign students have the right to work without a permission for no longer than 3 months during summer holiday.

All the details about rules, restrictions and procedures concerning permissions are available on the website: http://www.wup.mazowsze.pl/index.php?id=cudzoziemcy/cudzoziemcy.

Warsaw University of Technology

About WUT

Warsaw University of Technology functions under its present name since 1915. Nevertheless, history of the University dates back to 1826, when the Preparatory School to the Polytechnic Institute was established. Today it is one of the best Polish universities and the best technical university with more than 30 thousand students. More than 3 thousand professors and teachers pass knowledge and trains skills of the young people.

General structure of the university:

Warsaw University of Technology consists of 16 faculties, one college, one centre and a school. Rector with the assistance of vice-rectors does his best so the University could function properly: the teaching process, scientific research, social issues (dormitories, scholarships) and finances. At each faculty such matters lie in the hands of deans and vice-deans, while in college or centre – in the hands of directors and vice-directors.
At each faculty and college there are different rules and customs. Sometimes You may feel confused and need help: You want to know how to postpone Your exam, how to talk to the professor. Where should You look for help? It is worth to find the office of Students’ Union Faculty Council (WRS)- representatives of Students’ Union at Your faculty or college. You can always get some advice there. Nevertheless there are matters that You have to remember about yourself.

**Dean’s office**

Here You can find information about Your timetable, programme of studies dates of exams. In the office You can go through all formalities concerning dormitories, scholarships, certificates and documents You need.

It is recommended to visit the Dean’s office regularly, even once a week, since this is the place where all the announcements are being made and information concerning studies are placed. Remember to check the opening hours of Dean’s office. Otherwise You could come to the faculty building just to find out, that the office is closed. Also remember: even if You find the people working in the office not very friendly, don’t get mad about it – everybody has a bad day from time to time. In case of problems You can’t handle yourself, ask colleagues from Students’ Union for help. And another important thing is a smile. A single smile can save You a lot of time and effort.

**Deans**

The Dean is ‘in charge’ of the whole faculty. In managing the faculty he is assisted by the vice-deans. During Your studies You’ll meet at least two of them. Vice-dean responsible for Student Affairs takes care of all the social issues concerning students (scholarships, dormitories etc.). This is the person You can ask for help in case of problems with Your lecturer, examinations, passing some classes. Vice-dean responsible for Studies takes care of educational and teaching process at the faculty. He approves decisions of dismissing students, accepts conditional registration for the next semester and allows reduction of some charges for failed classes.

**Examinations**

There are three exam sessions in each academic year: winter, summer and autumn examinations. Every student has the right to take up to two exam opportunities for each examination subject: chosen from two in winter or summer and one in autumn. Each exam session lasts two weeks. Exams are scheduled by lecturers
in the end of the semester. The timetable of exams is also available in the Dean’s office and on the faculty’s website. Dates of exams are usually announced two or three weeks before examination. If You know them early enough, You can plan the pace of the preparations.

Exam sessions in this academic year:
- Summer examinations: June 17, 2008 – June 30, 2008

Scholarships

Foreign students who are citizens of European Union countries or citizens of EFTA countries can apply for following scholarships:

- scientific scholarship (for excellent results during studies);
- scholarship for excellent sport results;
- scholarships for disabled students.

Students from EU or EFTA countries have the same rights to apply for scholarships listed above as Polish students.

Foreign students who are not citizens of European Union countries or citizens of EFTA countries cannot apply for the scholarships listed above. Nevertheless, they can apply for the Rector’s prize for excellent results in studies or sport.

Foreign students are not entitled to obtain social scholarship and subsistence allowance.

To obtain a scholarships first visit the website www.polibuda.info/stypendia, download the application form and fill it in. The filled form should be submitted to the Dean’s Office at the beginning of the academic year. Remember: some faculties do not require the procedure of applying for the scientific scholarships. Nevertheless, to obtain the scholarship You need to be registered as a student of a particular faculty.

Every student who does not receive a scholarship can appeal to a special commission. The commission can change the decision of the Dean’s Office.

All the necessary information You can get in the Dean’s Office at Your faculty.

Student life

Accommodation

Dormitories of WUT

Students of the Warsaw University of Technology live in 11 dormitories.

Akademik, Bratniak-Muszelka, Pineska, Tulipan and Babilon form a complex of dormitories placed on Narutowicz Square (pl. Narutowicza). Students live in single, double or triple rooms (Akademik) or in segments consisting of two or three rooms (other dorms). They have a gym, swimming pool, library, TV room, ballroom and laundry available. These dormitories are easy to reach from the WUT main campus (tram routes: 15, 36, 47) and from the downtown – bus, tram and the underground stop “Centrum” (tram routes: 7, 9, 25, 44, bus routes: 517, 523).

Mikrus and Riviera are located near the main campus of WUT. Although Riviera is the most expensive dormitory it presents the highest standard. Students live in two-room segments. 6 students share one bathroom, toilet and a kitchen. In Mikrus there are a lot of double and triple and a few of single rooms. All the students that live on the same floor share a bathroom, toilet and kitchen. Students that live in Mikrus and Riviera can take advantage of a gym, ‘silent’ rooms (for studying), laundries and ballrooms. The easiest way to get to Mikrus and Riviera is by the underground or by any bus that stops at the underground station “Politechnika”.

Tatrzańska is situated farther from the Warsaw University of Technology Central Area than other dormitories, on Tatrzańska Street (ul. Tatrzańska). Students live in small double rooms, and they have laundries and ballrooms available. You can get to Tatrzańska by bus (131, 359, 522 from the bus stop ‘Metro Politechnika’). You should get off at the stop ‘Stępińska’.

Ustronie can be found on Księcia Janusza Street (Wola district). In double and triple rooms live students of the Faculty of Electronics and Information Technology. The main facilities are the tv-watching room and table-tennis room. You can get to Ustronie by bus (109 from the central train station [“Dworzec Centralny”], 171, 410 from the city centre and 523 from the ‘Metro Politechnika’ bus stop. You should get off at the stop ‘Ciołka’.
**Żaczek** is located in the southern campus of the Warsaw University of Technology, among students known as ‘the South’. Students of Material Engineering, Mechatronics, Faculty of Automotive and Construction Machinery Engineering and Production Engineering inhabit the dormitory. In two-room segments four people share a kitchen and a bathroom. Students have access to a library, computer room, gym, cinema room and laundry. Trams (10, 17 and 33 routes) stop by the dormitory. It is easy to get there by bus (107, 117, 138, 192 routes) as well.

**Wcześniak** is a dormitory for students from the School of Social and Technical Sciences in Płock (a division of the Warsaw University of Technology).

Every room or segment has a telephone with unique number. All the telephone numbers are available on particular dormitory’s website. To call the dormitory from WUT, You just dial the four- number extension. Otherwise You have to dial the 234 prefix before the extension.

Electronic System of Accommodation

Erasmus students

To get an abode in WUT’s dormitory assigned You have to e-mail a scan of a filled application form. You can find it on the webpage of Erasmus Student Network of WUT (www.polibuda.info/esn), e-mail address: dormitory@samo-rzad.pw.edu.pl.

You must also send the paper form with other documents concerning Your exchange program. Deadline is August 30th. After a few days You will get confirmation of accommodation assignment in a dormitory.

Details about exact deadlines will be sent to each student with accommodation confirmation.

Winter semester – registration period is at the end of September
Summer semester – registration period is in second half of February

Exact dates for every year are available on the website of Erasmus Student Network of WUT.
Other foreign students

If You want to live in WUT’s dormitory at the time of studies You need to emphasise it while filling the recruitment form in. You will receive confirmation of getting a place in a dormitory at the end of August/beginning of September. You can come to register yourself in a dormitory approximately on 27th of September – exact date will be sent to You with the accommodation confirmation.

Living on Your own

Living in dormitories has many advantages. Nevertheless, if You value comfort, peace and quiet You can look for a room or flat for rent. Remember: it is better to rent a flat together with a couple of friends so that few people share the rent.

There are sources, where You can find information about lodgings for students. It is worth to read daily newspapers (like ‘Gazeta Wyborcza’) or try to find offers via the Internet. Here is a short list of Polish websites, where You can find some advertisements:

- www.bank.stancji.pl – looking through and announcing offers is free of charge; You can choose any city and district in Poland to filter available offers; if You want to contact the author of a particular advertisement You need to log in to the system by giving Your mobile phone number and a password, that is sent to You (it costs 9PLN+ VAT tax to get the password);
- www.stancje.pl – looking through and announcing offers is free of charge; You can choose any city in Poland to filter available offers; if You want to contact the author of particular advertisement You need to send an SMS to the phone number given on the website;
- www.polibuda.info, ‘stancje (www.polibuda.info/stancje.php) – looking through and announcing offers is free of charge; usually it is possible to contact the author of a particular offer.

Feel free to visit the office of the Students’ Union of WUT – room 165 in the Main Building. There is a special notebook, where people looking for roommates, flatmates and students to rent their flat leave their advertisements. When You get to the office, just ask about the notebook.

Price of a flat or a room depends on its size and location. The prices vary from 300 PLN per person in districts placed far from the downtown or on the right bank of Vistula (Tarchomin, Żoliborz, Ochota, Praga) to 500- 700 PLN per person near the city centre. Remember: it is possible to negotiate the price with the owner of the flat and maybe pay less than it was given in an advertisement.
Polish cuisine is very similar to the cuisine of its neighbouring countries. The products that are usually served on Polish tables are: potatoes, cabbage, meat (pork, beef and fowl), dairy and flour products.

The most popular dishes of Polish cuisine are:
- Pork chop with potatoes and cabbage
- Knuckle of pork with potatoes
- Gołąbki – minced meat (sometimes with rice) wrapped in cabbage leaves
- Bigos – cabbage with meat, sausage, mushrooms, dried plums and spices
- Pierogi – stuffed dumplings with meat, cabbage and mushrooms, cheese or fruit
- Soups: beetroot soup, cabbage soup, barley soup, chicken soup, tomato soup
- Polish cakes: fruit cake, cheesecake, gingerbread, poppy-seed cake
- As a dessert You should try: pączki (doughnuts) and faworki

Nowadays, mainly in big cities, dishes from other countries are becoming more popular: Italian, Chinese, Vietnamese and Turkish etc.

Tasty and relatively cheap food is what the students like the most. Below You will find addresses of bars and restaurants near the Warsaw University of Technology and prices of some dishes.

Students’ Union

At the university

All students of the Warsaw University of Technology are the Students’ Union. Units of Students’ Union are chosen once a year in election and are the official representatives of student society at the University. Members of the Students’ Union and authorities of WUT take part in discussions concerning students’ rights, obligations and their life at the University.

Members of the Students’ Union deal with following issues:

- social issues, scholarships, subsistence allowances, dormitories
- students’ cultural life (parties, concerts, going to theatres, Juvenalia and more...)
- sport and tourism (camps for the ‘0’ year students, sailing, skiing, hiking)
- education and teaching (questionnaires concerning the quality of teaching, students’ research)
- international issues

If You want to know more details about the Students’ Union and its activities, visit our website www.samorzad.pw.edu.pl. You can also visit our office:

**STUDENTS’ UNION OF WARSAW UNIVERSITY OF TECHNOLOGY**
Plac Politechniki 1
Main Building, room 165
Telephone: 234 50 10

Students at the faculty and in the dormitory

Units of Students Union are at every faculty and in every dormitory. Student’ Union Faculty Council (WRS) is a representative of the student society before the authorities of the faculty. Members of each WRS take care of the integration of students, they organise balls for students of the first and third year, camps and many other events. They offer You a helping hand in case of any problems with Your studies, teachers or adaptation.

There is a person in every WRS that is responsible for foreigners at particular faculty. If You have any problems, find the office of WRS at Your faculty and contact this person – You can ask him or her for help if You need it.

In dormitories there are Councils for the Student Halls of Residence (RM) that are students’ representatives before dormitories’ administration. Members of
Student organisations

Student organisations take part in cultural, sport and tourist activities of the University. Thanks to them, studying at WUT is not only going to lectures and learning. People who work in such organisations organise discotheques, parties, theatre spectacles, sport competitions, sailing or skiing camps and many other events. Sometimes they arrange courses or training periods for students. At WUT there are a dozen or such organisations, most of them at the level of the university. There are also associations that are active at particular faculties.

Scientific groups

Scientific groups represent students’ scientific activity. Members of such organisations are people who want to explore a particular field of science. It doesn’t have to be the domain of their studies. Scientific groups organise conferences, case studies and, what’s the most important, they realise nationwide and worldwide scientific projects. For example: they construct gliders, robots, and satellites. Moreover, at the Warsaw University of Technology there are scientific groups concentrated on economical issues.

You can find more information about student activity in the brochure about student organisations and scientific groups that is published by the Students’ Union every year. Contacts and links to the websites of some organisations are available on www.samorzad.pw.edu.pl in section ‘student organisations’ (pl.: ‘organizacje studenckie’).

Useful information

Sport at the University

All students during first 3 years of studies at WUT have to attend physical education classes. In the beginning of an academic year there are meetings
in the building of the College of Physical Education and Sport (ul. Waryński-go 12, dormitory Riviera) where students are informed about the rules of passing the classes and sport disciplines available to train. Students can choose volleyball, basketball, swimming, gym, football, table tennis, aerobics, skiing, and many more. Sometimes the possibility to practise a particular discipline depends on the faculty. Usually a student passes the classes by presence.

For people who want more sport there are student organisations which activity is associated with sport and tourism. The biggest organisation is Academic Sport Association (AZS) with 35 different sections. Information about the meetings, the timetable of trainings are available on their website www.azspw.pl or in the associations’ office (in the building of College of Physical Education and Sport). There are also sailing organisations, for example Students’ Sailing Club (SKŻ) or Wimpel. People who like trekking may go to PTTK, Student Club of Beskidy Mountain Guides, Academic Tourist Club Maluch or organisation Styki. There is more information about these organisations on the website www.polibuda.info in section ‘sport i turystyka/ organizacje’.

If You like travelling to mountains You would probably like to visit a hut of WUT called Koliba in Bieszczady mountains. Students of WUT are entitled to get discounts there.

Warsaw University of Technology has a couple of sport objects. The main building is the office of the College of Physical Education and Sport where You can play table tennis, use two gyms and a place to train aerobics. Gyms are also in some dormitories.

There are many places to practice sport in Warsaw. One can go to one of the swimming pools (including ‘Warszawianka’), sport halls, bowling alleys and many more. There are also two big ice rinks (Torwar and Stegny). Torwar is the hockey ice rink inside the building, while Stegny was made for speed skating. You can rent skates in both Torwar and Stegny. If You like skiing You just must visit Szczęśliwice (open all year). It is a little slope with two ski lifts. There is also a place to train tobogganing and You can rent all the equipment. Lovers of fast cars should visit a racetrack for go-karts „Imola” in Piaseczno near Warsaw.

More information about sport objects in Warsaw is available on the website www.polibuda.info in the section ‘sport i turystyka/ obiekty sportowe’.

Student clubs

There are many clubs in Warsaw. You can find pubs, discos etc. on almost every street. As follows You can find information about the most interesting student clubs.

🔥 Stodoła – ul. Batorego 10

The club is placed near the underground station ‘Pole Mokotowskie’. It is the Central Club of Warsaw University of Technology students. It is famous for many parties and concerts. More information about the club is available on the website www.stodola.pl.

🔥 Remont – ul. Waryńskiego 12

This club is placed in the Riviera dormitory, next to the underground station ‘Politechnika’. Remont is a typical student club. It is visited not only by students but by people, who finished their higher education many years ago as well. The parties are being held every day. Apart from good music, happy hours are here very often. More information about the club is available on the website www.klubremont.pl.

🔥 Hybrydy – ul. Złota 7/9

The club is located near the underground station ‘Centrum’. Foundation of Students and Graduates of the Warsaw University owns this club. Interior decoration of the club looks similar to the interior decoration as it was in the sixties. Parties start at 9 p.m. every day. Concerts, comedian shows and music parties are organised in the club. Usually we can listen to acid jazz, soul, funky, latino, big beat or jazz. There is also a ‘chill out room’ – Voliera Bar, where you can relax during the party. More information about the club is available on the website www.hybrydy.com.pl.

🔥 Park – al. Niepodległości 196

The club is located in west side of al. Niepodległości, about 50 meters from the underground station ‘Pole Mokotowskie’. Park is a student club of students of the Warsaw School of Economics. More information on the website www.park.com.pl.

🔥 Proxima – ul. Żwirki i Wigury 99A

The club is located near monument called ‘Pomnik Lotnika’. This is the club of Warsaw University students. More information about the club and its programme is on the website www.klubproxima.com.pl.
Public transport

To get from one place to another in Warsaw, You don’t need to take a taxi. You can take advantage of the public transport (buses, trams, underground) – it is not only cheaper but it will take You almost any place You want. Timetables are on every stop and in the Internet (also a WAP service is available). Just visit the website www.ztm.waw.pl (wap.ztm.waw.pl on a mobile phone). Information about ticket prices is available on www.ztm.waw.pl/tariffs-gb.html. Just remember: Routes 1 – 46 are trams, 100 – 525 are day bus routes, 700-805 suburban lines and E-1 – E-5 are the express ones. N01 – N95 are night bus routes.

Money

Currency

The currency in Poland is złoty (PLN). We distinguish coins and notes of different denominations.

**Denominations of coins:** 5, 2, 1 złoty and 50, 20, 10, 5, 2, 1 groszy. For 1 złoty (which is equal to 100 groszy) we need two coins in denominations of 50 groszy, five coins of 20 groszy etc.

**Denominations of notes:** 200, 100, 50, 20 and 10 złotych

**Example picture of notes** can be found at: nbp.pl/Home.aspx?f=banknoty/Banknoty.htm

One Euro is about 4 PLN [1EUR = 3,78 PLN – 03.08.2007]

Taxes

The most popular tax in Poland is Value Added Tax – VAT. In most cases VAT is 22% of a product’s value. There are reduced rates of 7% and 3% for certain products and services. 7% VAT is for non-basic food, tourist services (e.g. Your hotel and restaurant bills), transportation services (e.g. bus tickets), newspaper and magazines. Some products and services are not subject to VAT or have a 0% tax rate like:

- Health services (staying in hospital, medical treatment)
- diary products
- banking services
Foreign Student Guide

- insurance services
- mail and stamps
- education

In Poland we can distinguish other kind of taxes
- Gift tax
- Agriculture tax – it is introduced in places like spa region etc. The cost is about 1 to 4 PLN per day and depends on localization and climatic value
- Property tax

Bank account

A student who takes up studies abroad must have an account in the bank where he or she receives the money and scholarship.

In Poland a foreign student can open a bank account. A bank requires the identity document and certificate about being a student of a certain university. The procedure of opening an account takes a couple of days.

Sometimes a bank does not want to open an account for a foreigner because of his or her low credibility. In such situation a student should ask for help his or her caretaker at the faculty (the university usually helps with opening a bank account.

The best way to avoid any problems with opening a bank account in Poland is to have an account in Your home country.

The banks in Poland are usually open on Monday to Friday from 8.00 to 18.00.

Other information

Climate in Poland
Poland lies in the zone of temperate climate which features both of maritime and continental climate. Winters may be mild or very cold, while summer is sometimes cold and rainy and sometimes hot and dry. The best time for a tour is summer. Spring begins in March when temperature vary from -1°C to +20°C until the end of May. July is the warmest month. During summer temperature ranges from +21°C to +32°C. Autumn begins with September. Days are getting colder. December is the beginning of winter with snowfalls when temperature can even drop down to -20°C. In high parts of mountains the snow stays solid until May.

Telephone calls
Local phone calls
There are phonecards available in Poland. You can buy such cards in kiosks, shops or post offices. They have several values (10, 15, 20 units). You can use them for local and country phone calls. The time of a call made with such a card in a public phone booth will vary depending on the distance of the call.
**International phone calls**

At every post office You can buy a special phonecard that allow You to call abroad cheaper. Using such cards helps You save up to 70% costs of Your home call (it depends on a country). Prices are available at every post office and in the Internet. Here are some examples of names of international phone cards: ‘Telepin’, www.Telepin.pl, ‘Telegrosik’ www.telegrosik.pl, ‘Świat – TELE2’ www.tele2.pl. Use the card that is the cheapest for calling Your country. Using the card is very easy: dial the number of card’s operator (given on each card), dial the code and then 00 + area code to the country + area code to the city + number of a person You want to call.

**Mobile phones**

The biggest mobile network operators in Poland are: ORANGE, ERA GSM, PLUS GSM and recently PLAY. They offer telephones for a subscription charge and for pre-paid cards. Orange offers cards ‘GO’, Era – ‘TAK-TAK’ and ‘HEYAH’, while Plus GSM – ‘SIMPLUS’ and ‘SAMÍ SWOI’ and PLAY ‘PLAY Karta’. To get a telephone charged with a subscription a person needs to complete some formalities. Therefore it is easier for foreigners to buy a pre-paid card. Starter cards cost from 5 to 40 PLN and are available in every operator’s office as well as in many kiosks, stores or post-offices. Telephone prices start at 100 PLN. If You want to reload Your pre-paid account You need to buy a pre-paid card in any kiosk and dial the code.

**Tourist information IT**

In every big city there is a tourist information office where You can find information about monuments and places worth seeing. You can get maps, postcards and guides there. Usually people working in tourist information speak two or three languages. Tourist information is often located at airports, railway stations, near main squares or streets. You can also try to find PTTK offices where You can get more information about the place You stay at.

**Travelling around the country**

You can travel in many ways: by train (PKP), by state buses (PKS) or private buses. All the information about the timetables and tickets are available at the PKP and PKS stations or in the Internet:
